What Makes This Event Special?

Most Judo competitions see contestants organised into male/female and by weight. The result is that low grades either know not to enter or do so for the experience, without any real expectation.

Further, because of the limited graduation, there is no allowance for the developmental difference between pre-adolescent and adolescent Juniors where there is a considerable difference in strength, even at the same weight.

The BJC understands this crucial difference and to allow for it, we run separate categories for ages 8-9, 10-12 and 13-15 year olds.

We also know that Senior Kyu grades would like to compete with an opportunity to win and not just lose to the Black belts. So not only do we separate them out, but also the Orange/Green from the Blue/Brown belts.

This is what we are about. An Open Championships where contestants from the three major Judo organisations (BJC, BJA and AJA) can enter and test themselves against their peers, with the knowledge that they have had a fair chance to prove themselves and to then return to their club with the experience that will help them take their Judo to the next stage.

If that is what you are interested in, then THIS is the event for you. Enter the British Judo Council Open Nationals Championships and be the best that YOU can be!
